SHUBHAM

Delhi, India | shuubham.rajput1@gmail.com | LinkedIn | GitHub | LeetCode

Professional Summary

B.Tech Information Technology student graduating in July 2027, seeking Software Development Engineer (SDE) and Full-Stack Developer internship opportunities. Experienced in building and deploying full-stack web applications using Next.js, React, TypeScript, and MongoDB, with hands-on experience in authentication, API integration, and database management. Strong problem-solving skills with a keen interest in developing scalable, efficient, and user-focused software solutions.

Technical Skills

Languages: Java, JavaScript, TypeScript
Frontend: HTML, CSS, React.js, Next.js, Tailwind CSS
Backend: Node.js, Express.js, REST APIs
Database: MongoDB, PostgreSQL, MySQL
Tools: Git, GitHub, VS Code

Projects

Job Application Tracker | GitHub | Live Demo
Next.js 16, TypeScript, React 19, MongoDB, Mongoose, Better Auth, Tailwind CSS 4, dnd-kit

- Developed a Kanban-style job application tracker with Next.js 16 (App Router), React 19, and TypeScript to organize applications by workflow stage.
- Implemented drag-and-drop application management with dnd-kit, letting users move application cards across workflow columns.
- Integrated MongoDB with Mongoose to store application data persistently.
- Implemented user authentication with Better Auth to keep each user's applications tied to their account.
- Designed a responsive interface using Tailwind CSS 4 and React components.

Mystery Message | GitHub | Live Demo
Next.js, TypeScript, React, MongoDB, Mongoose, NextAuth.js, Nodemailer

- Built a full-stack anonymous messaging web application with Next.js, TypeScript, and React, using MongoDB with Mongoose for data storage; hosted on Vercel.
- Implemented user registration and authentication with NextAuth.js.
- Integrated Nodemailer to send email OTPs for verifying new accounts.
- Developed server-side API routes that let users receive anonymous messages and view and delete them from their own account.
- Designed a responsive interface that adapts to different screen sizes.

Education

B.Tech in Information Technology — *2023 – 2027*
IEC College of Engineering & Technology — *Greater Noida*
Coursework: Data Structure and Algorithms, OOP, DBMS.
